# HELEN TAFT MAKES BOW.

President's Daughter Enters Society.

Distinguished Guests Attend Brilliant Reception at White House.

Debutante Wears Gown of Rose Chiffon Instead of Conventional White.

Masses of Flowers, Principally Roses, Brighten Great State Apartments.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Dec. 1.—[Exclusive Dispatch.] Miss Helen Taft was presented to society this evening at one of the most brilliant receptions in the history of the White House.  
Masses of flowers, principally roses, both red and pink, were everywhere, which brightened the great state apartments in which there are usually white flowers or very pale tinted ones, excepting, of course, the red parlor, where the flowers are always red.  
The President stood with his wife and daughter to welcome the guests in the green parlor, which opens directly from the east room, or ballroom, as it might properly be called, with its polished wax floor.  
The east room was fragrant with roses and the mantels were banked with Parleyseus ferns and orchids. The green parlor was decorated with pale-tinted blossoms, and the blue parlor with tall bunches of white flowers and American Beauties. The same decorations obtained in the red room.  
The piano in the east room and the one in the blue parlor were covered over with the superb bunches of flowers sent to the debutante and, in fact, no flowers from the White House conservatories were used except those upon the table, which were all pink roses. The mantels of the state dining-room where the table was laid, were banked with the same flowers.  
**IN RECEIVING LINE.**  
Capt. Butt announced the names of the guests and Col. Spencer Cosby introduced the debutante to Mrs. Taft. Mrs. Taft made the presentations to her daughter. The President stood on the other side of his daughter and had a pleasant word for every guest.  
The debutante wore a gown of soft blue chiffon, with a row of white roses and satin of the same shade, the top of the bodice finished with point lace. She wore some pearls and diamonds about her neck.  
Miss Taft's gown was of rose chiffon, her favorite color, instead of the conventional white, made in a draped princess style with a sort of surplice effect in the bodice which was embroidered in beads of the same shade. Her brown hair was dressed in a mass of soft puffs and she carried an armful of pink roses.  
After the long line of guests, numbering close to 1500, had passed through the receiving rooms and the blue parlor, thence to the state dining-room and the corridor, Capt. Butt escorted Mrs. Taft to the dining-room, where she stood surrounded by friends while she drank some hot chocolate and ate a light sandwich. Miss Taft remained in the blue room chatting with some young girls and men while the President circulated among the guests in the corridor, red parlor and dining-room.  
Mrs. Beekman Winthrop and Miss Boardman sat at one end of the table dispensing frappe, while Miss Collier, sister of the Governor of Porto Rico, and her house guest, Miss Ide, daughter of the United States Minister to Spain, sat at the opposite end serving hot chocolate and coffee. The table was a very long one and had several large mounds of pink roses and pink shades on the candles. A punch bowl was placed at either end of the room.  
**DISTINGUISHED GUESTS.**  
Among the young and the older society people, official, diplomatic and residential present were:  
Baroness Elizabeth Rosen, daughter of the Russian Ambassador; Countess Von Bernstorff, daughter of the German Ambassador; Donna Beatrice Cusi, daughter of the Italian Ambassador; Mrs. Haywood and Miss Doris Haywood; Mrs. Hennen Jennings and Miss Katherine Jennings and their house guest, Miss Le Jeune of New Orleans; Miss Matthew T. Scott; Mrs. Robert J. Wynne, Wynne, Mrs. Russell E. Harrison and daughter, Miss Martha Harrison, who played through the house as a child when her grandfather, Benjamin Harrison, was President; Assistant Secretary of State and Mrs. Huntington Wilson; Assistant Secretary of the Interior and Mrs. Jesse Wilson; General and Mrs. Gillespie; Mrs. Dorothy Williams, sister of Mrs. Joseph Leiter; Miss Dorothy Gardner Williams; Miss May Hammond and Miss McMillan, niece and cousin of John Hays Hammond; Miss Hammond, sister of John Hays Hammond; Miss Gifford Hickley and her brother, Thomas Hickley; William Bowie Clark and Capt. Graham Johnson, who will entertain at breakfast on Sunday in honor of Miss Taft.

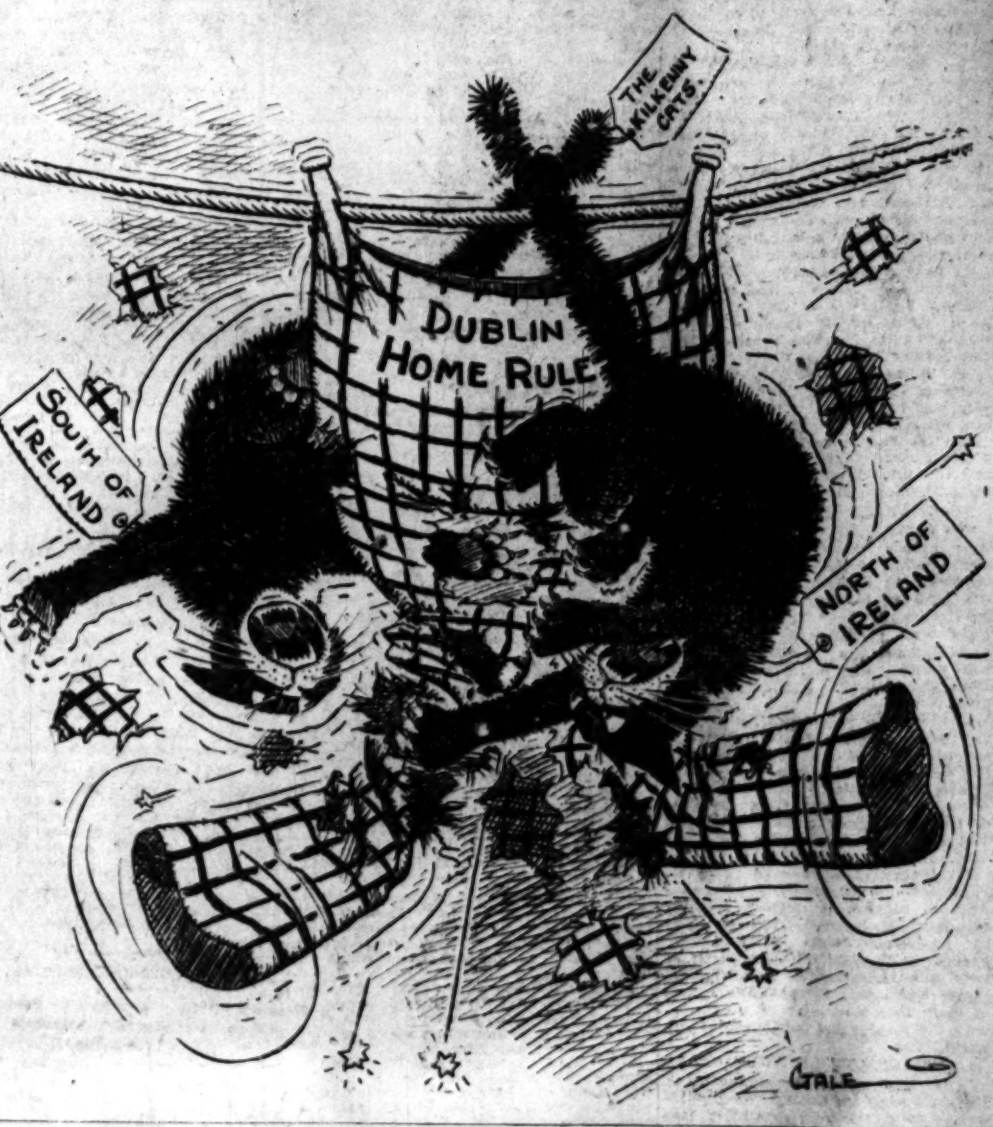

# STRIKING THUGS BEAT AND KICK GIRL WHO DARES EARN LIVING.

Eighteen-Year-Old Chicago Garment Worker Set Upon by Three Men and Pounded Into Insensibility With Blackjacks.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Dec. 1.—[Exclusive Dispatch.] Two girls employed in the strike-bound clothing houses, of which the Hart, Schaffner & Marx establishment is the principal target of the unions, were attacked today and beaten by men.  
Golden Stone, a forewoman working for the Royal Tailoring Company, was attacked near the Congress Hotel by a man who also stole her pocketbook. She was struck in the face several times and her eyes and lips lacerated. The man escaped before pedestrians could get to the aid of the young woman, who was taken to her home, 1104 Ellis avenue.  
Rose Lassin, 18 years old, who went to work for Hart, Schaffner & Marx in order that she might earn a little money to make Christmas more cheerful for her mother and little sisters and brothers, was beaten into insensibility near her home by three men. They probably would have killed her, but for the heroic interference of a woman who heard her cries for help.  
**BRUTALLY BEATEN AND KICKED.**  
The 18-year-old girl is in a serious condition at her home at 1026 North Lincoln street, and the money that would have bought a doll for a sister, a bright red sled for her brother and a knitted jacket for her mother is to be used for doctors.  
The girl was stopped by three men at Division and Lincoln streets. They told her if she did not leave her work in the clothing factory she would suffer. She pleaded with the pickets to be permitted to work, saying her widowed mother and crippled brother would starve otherwise. The answer was a fearful blow in the mouth with a black-jack.  
The first blow struck knocked a tooth from her head and loosened others, which will have to be removed. The next blackened one of her eyes and then, according to witnesses and to the girl herself, the blows were rained upon her so swiftly and so hard that it was almost impossible to say which of the trio delivered them. Knocked back and forth in a savage manner, the terrified girl finally fell to the pavement.

# THEY'RE ERIN'S FIRST PAIR OF LONG PANTS TOO!

# TARIFF REFORM HAS THE BRITISH LEADERS UP IN AIR.

Balfour Insists Subject Is Chief Plank in Platform, But Is Willing to Refer it to People--Asquith Declares Referendum Has Proved Unsatisfactory.

(ASSOCIATED PRESS NIGHT REPORT.)

LONDON, Dec. 1.—There is a possibility of an unexpected result in the attempt by A. J. Balfour, opposition leader, to remove tariff reform from the immediate field of politics.  
The question looms larger than ever in the campaign tonight, so that Mr. Balfour himself, in a speech at Reading, was fain to explain that his party had not altered its views on this subject and that tariff reform was still a chief plank in the party's constructive policy, but he explained the Unionists' need to obtain the formal and explicit consent of the people thereto.  
The policy of referendum, he said, was consistent with the true idea of popular government.  
Balfour's pronouncement on November 29 that he was willing to submit tariff reform to a referendum has rarely sounded than knit his party and has supplied the liberals with another effective argument against tariff reform, namely that Mr. Balfour has been compelled to sidetrack it.  
Interest in the speeches tonight centered in Premier Asquith's reply to Balfour at a meeting in Wolverhampton. The Premier said:  
"We are living in times of rapid movement, when it is a relief to wake every morning and not find some fresh part of the constitution reconstructed."  
He described Mr. Balfour's "about face" on the question of the reform of the House of Lords and on tariff as "unique, almost indecent."  
Speaking on the referendum, the Premier said that after a study of the working of the system in foreign countries, he arrived at the conclusion that it had proved a most unsatisfactory and disappointing method of ascertaining public opinion.  
Winston Spencer Churchill, home secretary, addressed several meetings at Dundee tonight. The home secretary had a special command of detectives to protect him against suffragist attentions.

# DIAZ, INAUGURATED EIGHTH TIME, ISSUES MESSAGE TO ALL NATIONS.

Emphasizes Friendly Relations Existing Between Mexico and United States--Ceremony Unmarred by the Slightest Sign of Disorder.

(ASSOCIATED PRESS NIGHT REPORT.)

MEXICO CITY, Dec. 1.—President Porfirio Diaz tonight issued to the Associated Press the following message, addressed to all nations, on the occasion of his inauguration for the eighth time as Chief Executive of Mexico.  
"It is very gratifying to me to say that my heart is full of faith in the progress of a people which, like the Mexican, has known how to conquer, by its own efforts, a place among the lovers of toll, after having proved its valor in war in patriotic defense of country."  
"I am also glad today more than ever I can declare that Mexico belongs definitely to the group of nations of assured stability, because against the firm guarantee of peace which we possess no influence tending toward its dissolution can now, or ever, prevail."  
"As to the relations between Mexico and the United States and other friendly nations, never have they been more cordial, as was indicated in a convincing manner during the celebration of the centennial of Mexico's independence."  
Peaceably, the ceremonies attending the taking of oath of fealty by Diaz and Ramon Corral, recently re-elected President and Vice-President, respectively, were held today. There was no discordant note and if the occasion was shorn of some of the brilliant features of former years by reason of recent disturbances, there was no lack of dignified ceremonial.  
Notwithstanding a realization on the part of everyone that the possibility of any attempt by foes of the Diaz administration to interfere with today's inauguration was remote, there was a feeling of relief apparent among the people at large, doubtless shared by those in authority, when the event was happily concluded.  
There will be no change in the personnel of the Cabinet. In accordance with custom, each of the Ministers submitted his resignation to the Chief Executive through the Minister of Foreign Affairs.

# IRISH FIGHT BITTER ONE.

Hot Three-Cornered Campaign.

All Sides Ready to Battle for Pure Love of Diversion.

O'Brien Carrying War Into Interior Counties of Ireland.

Lord Dunraven Appeals for Conciliatory Tone All Around.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, Dec. 1.—[Exclusive Dispatch.] Ireland is enjoying a spectacular three-cornered fight in which physical arguments are as common as oratorical appeals. With this delightful condition confronting them the members of the Royal Irish Constabulary realize to the full extent that the policeman's lot is not a happy one during a Parliamentary election.  
All hands—John E. Redmond's Nationalists, William O'Brien's All-Ireland party, and the men of the North, who threaten real war if the home rulers win against the constables who have interfered with elections—are ready to fight for pure love of the diversion.  
You have read of the outbreak in the north side of Cork two days ago, when more than eighty persons were consigned to the infirmary to "have scalp wounds or other injuries inflicted. POLICE BADLY BATTERED."  
It is true that few combatants were seriously injured, but this was due to the effective work of 100 policemen who dissuaded the followers of Mr. Redmond from invading the section where Mr. O'Brien's supporters are strong. The police were badly hit, red during the fighting, which continued intermittently for twenty-four hours, but after being targets for house-top stones, thrown and bombarded from windows and other points of vantage, they finally conquered.  
There has been fighting too, in other parts of Ireland, where Mr. O'Brien's candidates have been aided by the Nationalists and vice versa.  
William O'Brien is carrying the war into the interior counties and thirty "All-Ireland" candidates are contesting elections with Mr. Redmond's men. Mr. O'Brien is supported by Irishmen who have hitherto been identified with the Unionist cause but who are tired of the interminable conflict between North and South in what was once termed "the most disastrous country."  
**LORD DUNRAVEN'S APPEAL.**  
As an instance of the support that is being given to Mr. O'Brien here are some extracts from an appeal from Lord Dunraven:  
"Just when the final triumph of conciliation and peace seemed assured, when a settlement by the consent of both English parties was in sight, the suicidal policy of the official Irish party snatched that hope from the grasp of Ireland and tossed our country into the field, a mere football in the party struggle. Here the same spirit that killed land purchase and forced additional taxation upon an hour ruined, for a time, the fairest political prospect Ireland ever had."  
"A more disastrous error cannot be imagined and for what has it been committed?"  
"Ireland, first, by this road method of handing Ireland over to the immediate purposes of Mr. Redmond's Socialist allies, Ireland will find herself disappointed, duped and betrayed."  
**SEPARATION IMPOSSIBLE.**  
"The policy of sacrificing all Irish interests to Socialist and Radical necessities can only produce ruinous results. Settlement by conciliation is the only possible solution. The situation would be fatal, England is our market. The position of Ireland without representation in the Imperial Parliament would be intolerable. Even if separation were beneficial to Ireland it is unattainable. England has been right to safeguard herself. To strive for the impossible is a waste of energy."  
"What the immediate result of the election will be is impossible to say, but one thing is certain—the policy of the All-Ireland League has raised the question of home rule for Ireland alone or as a part of an arrangement along federal lines affecting the whole United Kingdom, to a position from which it cannot be dislodged."  
**IRELAND MUST WIN IN END.**  
"If that policy is pursued Ireland will, when the time comes—as it must and soon—make her voice heard. Ireland will be heard and her case. A reasonable settlement with the assent of all moderate men in Ireland and the consent of all moderate men in Great Britain will be within her grasp if only Ireland to herself be true."  
Mr. O'Brien's speeches are all along the lines of Lord Dunraven's appeal and the latest word from Ireland is that money merchants and other-minded would-be contributors are rallying to the cause of a "peace with honor" party. On the other hand, Mr. Redmond is continuing his campaign of foreign dollars to the cause. Of course that, according to English and Irish news.

FRIDAY MORNING Happenings Along Pacific Coast.

STATEHOOD IS MENACED.

Judiciary Recall Plank in Arizona Laws.

Three Democrats Vote With Republicans.

Newspaper Says Convention W. F. M. Tool.

PHOENIX (Ariz.) Dec. 1.—[Exclusive Dispatch.] The recall, including the judiciary, was fixed firmly into the Constitution today by a convention vote of 25 to 11. Ellsworth, Tuttle and Orme went on record as the only conservative Democrats in the convention, for they voted in the negative, together with the eight Republicans who happened to be present.

This judiciary recall has generally been considered as the last straw that would break the back of the Statehood cause. Words to that effect were spoken today by several Democrats who urged that the referendum be invoked and that the recall matter be submitted separately with the Constitution. Only eight votes were cast for this, most of the Republicans consistently voting against it.

FLYING TO W. F. M. A number of the radicals saw fit to defend their action, claiming that they are supported by the people of their counties. Several explained that they had been bound to vote for the recall by the platforms of their county conventions.

Another explanation is given by a prominent Democratic newspaper which editorially declares: "The question of Statehood has never been an issue with the majority of that gathering. Their aim and purpose throughout the entire proceedings has been to cater to the Western Federation of Miners and to that end their energy has been directed."

RECALL PROVISIONS. The recall plank demands a petition signed by 25 per cent. of the voters at the last election. A member of the Legislature may be recalled within five days, but no recall shall be made within six months after assumption of office. Arguments for and against recall, not exceeding 500 words in length, may be printed on the recall ballot.

Defeat was administered on third reading to the bill forbidding the employment of non-English speaking laborers in any hazardous employment, such as mining. This was the bill which it was claimed would close half the copper mines in Arizona and labor union support, but provoked a torrent of opposition from Greenlee, Cochise and Gila counties.

CHILD LABOR BARRED. The Child Labor Bill passed third reading with slight amendment. Children under 16 shall be employed only in school vacations, while under 14 none shall be employed where health or moral welfare may be endangered.

The State examiner clause will go into the Constitution. This practically returns to the old public examiner system, voted out by the last Democratic Legislature as a slap at the Republican administration. Lack of supervision since that time has occasioned a number of serious losses in county funds.

VIOLATED ANTI-TRUST LAW. Eight Men Plead Guilty to Belonging to Fish Combine in San Francisco.

[ASSOCIATED PRESS DAY REPORT.] SAN FRANCISCO, Dec. 1.—Eight members of the alleged fish trust pleaded guilty today before Judge Cavanaugh to indictments charging them with violation of the anti-trust law. Those admitting their guilt were Salvatore Tarantino, George Magg, Giacomo Marchi, Rosario Villa, John E. Kessing, Henry Rittore, Giuseppe Partinone and Salvatore Ponticelli. Indictments against the Western Fish Company and eleven other fish dealers were dismissed. The only one of these indictments which has not been disposed of is against Frank E. Booth, who was not present when the case was called today.

The indictments were returned against the fish dealers on the ground that they refused to sell the independent dealers and that, in order to keep up the prices, they threw fish back into the bay and sent many tons of fresh fish to the glue factory. The date for sentencing the offenders will be fixed later.

ASSEMBLYMAN RESIGNS. Father of Governor-Elect Johnson Voluntarily Abandons Public Life.

[ASSOCIATED PRESS NIGHT REPORT.] SACRAMENTO, Dec. 1.—Assemblyman Grove L. Johnson, representing the Seventeenth Assembly District in Sacramento county, and father of Gov.-elect Hiram Johnson, resigned today. He sent in his resignation to Gov. Gillett and the governor accepted it. His term expires on January 1. The veteran Assemblyman is confined to his home, being slightly indisposed, and when called upon the telephone Mrs. Johnson answered, saying that there is no reason for his resignation, and Mr. Johnson did not desire to discuss the matter.

Johnson was defeated for re-nomination at the primary election by Charles Ross and later at the general election he was defeated again by Ross. Johnson was the nominee of the Prohibitionists, having received one vote at the primary upon the Prohibition ticket.

IDENTITY MIXED: FIASCO. San Francisco Police Arrest Wrong Man While Embelzer Makes His Getaway.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, Dec. 1.—[Exclusive Dispatch.] A Boston real estate embelzer named Alfred Rothman, alias Stone, escaped here because of a conflict of identity, the police arresting an innocent man instead of the fugitive.

On November 12 the local police were requested to arrest Alfred Rothman. The dispatch gave a full description, said he had stolen \$51,000 from Brown Bros. and Company, bankers, and that he was posing here as the head of the firm of Rogers and Stone, real estate dealers of San Francisco. Detective Lambert arrested Rogers, although he did not conform to the description. The detective afterwards declared Rogers partner, Leo Stone, did answer the description, but let Stone go. A few days later private detectives found

Stone was the defaulter, but by this time the fugitive was alarmed and had fled. Stone's wife, who was Miss Jessie Lamphier of Portland, Or., left here for her parents home. Rogers says he always found Stone square in his three years' connection with him and believes his partner has gone back to Boston to settle his trouble. He left about three weeks ago.

MILLIONAIRE TEARS PANTS. Unfortunate Outcome of Foot Race With President B. I. Wheeler at Omaha.

[BY DIRECT WIRE TO THE TIMES.] OMAHA (Neb.) Dec. 1.—[Exclusive Dispatch.] It transpired here today that while running a foot race with President Benjamin I. Wheeler, of the University of California, late Tuesday, during a ten-minute stop of their train at North Platte, Michael F. Torpy, millionaire capitalist, Fresno, Cal., tore his trousers and had to remain in obscurity while one of the young ladies in their party mended them. Mr. Torpy challenged President Wheeler to a 100-yard dash. At the crack of the gun he was off, with President Wheeler close at his heels. The tape, figuratively speaking, was almost in Mr. Torpy's grasp, when he stumbled and slid on his stomach for some feet along the clinder roadbed. President Wheeler was declared winner of the race, while Mr. Torpy was forced to seek a hiding-place until his trousers were repaired.

SCHOOL GIRLS UP IN REVOLT. PRINCIPAL, MERE MAN, PUTS BAN ON BEAUTIFIERS.

Utah Goes Forth at Stockton High That Artificial Curis, Marcel Waves, Face Powder and Cosmetics Are Barred—Maiden Bosoms Stirred to Wrath.

[BY DIRECT WIRE TO THE TIMES.] STOCKTON, Dec. 1.—[Exclusive Dispatch.] The edict issued by Principal Ansel Williams that artificial curis, powder and cosmetics cannot be used hereafter by girl students in the High School, has not only caused great indignation, but no end of talk and defiance on the part of the girls who declare they have reached the age where they are entitled to decorate themselves as they please. They do not want any man dictating to them just the kind of clothes, hair and other trimmings they shall wear.

Today there came near being an indignation meeting, but it was finally decided to wait a few days and if the rule is enforced, then a woman's suffrage session or a raid on parliament would probably be a tame affair compared with the demonstration that will be made by those girls who have been ordered to leave their artificial curls on the dressers at home.

One reason for the edict against curls is that the girls failed to purchase artificial adornments that matched their natural hair.

SENATION IN DIVORCE CASE. Supreme Court Interferes to Stop Contempt Proceedings at Fairfield, Cal.

[BY DIRECT WIRE TO THE TIMES.] SUDBURY (Cal.) Dec. 1.—[Exclusive Dispatch.] In the Superior Court at Fairfield, another unexpected development has taken place in the sensational divorce suit of Jean McGregor Kullman against Jacob Kullman, a prominent tanner of Benicia. A writ of prohibition issued yesterday afternoon by the State Supreme Court served upon Superior Judge Buckles, stopping contempt proceedings which were to have been heard.

The plaintiff recently asked for all-mony of \$500 per month, pending settlement of the case. This was resisted by the defendant and the court ordered the secretary of Kullman, Sals & Company, controlled by the defendant to produce the books of the company to show the defendant's income.

On advice of his attorneys the secretary refused to do this and was thereupon ordered to appear in court to face contempt proceedings. The plaintiff secured a writ of prohibition and the proceedings in that regard have been stopped.

Mrs. Kullman charges her husband gave notes to friends for \$25,000 which were taken up by his mother who immediately used to collect and that this action was to prevent the defendant from dividing his property with his wife.

DIVORCED COUPLE REMARRY. Brought Together at Son's Bedside, Second Courtship Results in Wedding Bells.

[BY DIRECT WIRE TO THE TIMES.] TACOMA (Wash.) Dec. 1.—[Exclusive Dispatch.] Wedded for the second time after three years' separation was a romantic event in the lives of A. L. Steele and Lena J. Steele at the court-house today.

The couple were divorced three years ago and an accident to their son brought the three together at his bedside at Wenatchee and last August began a second courtship which ended in the marriage today.

Mr. and Mrs. Steele live in Seattle. They were married twenty-two years ago and separated after their son had become old enough to take care of himself. He is now twenty years old and only recently left the hospital.

HILL LEAVES SMALL ESTATE. Will of Former Governor of New York Filed—Alton B. Parker Among Beneficiaries.

ALBANY (N. Y.) Dec. 1.—Former Gov. David B. Hill, who died October 20, left a personal estate, exclusive of household furnishings, effects and library, estimated at \$20,000, and real estate assessed at \$22,000, according to the will filed today for probate.

PEAT LEAVES BURNING. Land Owners Along Mokelumne River Worried Over Weakening of Defenses.

[BY DIRECT WIRE TO THE TIMES.] STOCKTON, Dec. 1.—[Exclusive Dispatch.] The discovery of a fire in the peat bog at the Stuart Williams place on the Mokelumne River, is causing land owners much worry as the water in the stream is very low and it will require a lot of work and expense to extinguish the flames. The fire eats into the peat for a considerable distance, leaving a crust on top that few people would notice unless they should see smoke coming from cracks in the levee. While there is no danger at present, the first freshet of water that comes down the Mokelumne would carry away large sections of the levee, which will be turned into ashes in case the fire started, but it is feared that hunters were responsible for it.

SOLDIER AT AGE OF TWELVE. Los Angeles Man Tells Story of How He Enlisted as Drummer Boy in 1861.

[BY DIRECT WIRE TO THE TIMES.] TACOMA (Wash.) Dec. 1.—[Exclusive Dispatch.] After a business trip to Alaska and the Yukon, William H. Martin, the youngest soldier to enlist in the Civil War, left last night for his home in Los Angeles. At the age of 12, he enlisted as a drummer boy in Company B, Fifth Tennessee Infantry. Three years later he was transferred to an Ohio regiment, serving throughout the war. He tells the story of his enlistment as follows: "I had a drum, and when they were marching in volunteers, I thought it would be good chance to enlist. I went over in line with other volunteers and sat down on my drum. As the recruiting officer came to me, he looked me straight in the eye and asked me what I had for my full capacity. I imagine when he saw my drum, he said, 'I do not know why I was picked. I guess it was because I looked so full of spirit.'"

AGED WOMAN GUILTY. MANSLAUGHTER IS VERDICT. [ASSOCIATED PRESS DAY REPORT.] SPOKANE (Idaho) Dec. 1.—Mrs. Hannah Beebe, aged 73 years, charged with the murder of James Hutton, at Cashmere, on August 14, was found guilty of manslaughter today. The court sentenced her to the state prison for the term of five years. The woman had strung a wire fence across the road, and, as James Hutton, a neighboring rancher, attempted to drive through, after first cutting the wire, he was shot down by Mrs. Beebe. The latter was convicted recently of murder in the first degree.

READY FOR FRUIT MEET. CONVENTION NEXT WEEK. [ASSOCIATED PRESS DAY REPORT.] STOCKTON, Dec. 1.—All arrangements are completed for the thirty-eighth California Fruit Growers' Convention, to be held at the Congregational Church in this city December 6, 7, 8 and 9. The convention will deal with the problem of standardization of fruit, and the largest attendance in the history of the organization is expected. Horticulture, transportation and marketing, viticulture and sanitation are other subjects to be taken up. Many features of amusement have been arranged for the delegates who are expected to be in attendance. The California County Agricultural Association and the State Horticultural Commission will be in session here during the convention.

LAND SALE AFFIRMED. BUTTE COUNTY COURT UPHOLD. [ASSOCIATED PRESS NIGHT REPORT.] SACRAMENTO, Dec. 1.—A decision handed down by the third district Court of Appeals this afternoon, affirms the judgment of the Butte county superior court, Edward Q. Porter, plaintiff and appellant, versus Edward Anderson, John B. Carter and Martha Elizabeth Anderson, defendants and respondents. The original suit was brought in December, 1909, and had to do with a contract for the exchange of real estate by Porter and Anderson. Subsequently, Anderson sold some of the land which he had obtained from Porter at a good profit and then Porter sought to have the deed set aside. The decision went against Porter in the superior court.

HARBOR WORK DELAYED. BONDS UNAVAILABLE UNTIL 1911. [ASSOCIATED PRESS DAY REPORT.] SAN FRANCISCO, Dec. 1.—The Board of State Harbor Commissioners today rescinded its recent action authorizing the State Treasurer to negotiate the sale of \$1,000,000 worth of the \$2,000,000 of bonds voted for the improvement of San Francisco harbor. This was done on the advice of the board's attorney, who gave it as his opinion that no part of the bonds could be sold until January 1, 1911, and that the issue must at that time be duly endorsed by the proper state officers.

GIVE AWAY MILLIONS. ESTATE VALUED AT \$44,707. [ASSOCIATED PRESS DAY REPORT.] SAN FRANCISCO, Dec. 1.—The estate of the late Edward J. Le Breton is valued at \$44,707. In an inventory filed today in the probate department of the Superior court, the will disposed of the greater part of this to J. V. De Laveaga and his brother, E. J. De Laveaga. During his lifetime Le Breton gave about \$250,000 to charity, erecting homes for the little Sisters of the Poor in this city and Los Angeles as memorials to his father and mother. He fell dead several months ago while visiting the home he had constructed and endowed here.

ICE FOR RAILROAD. TRUST TO SUPPLY W. P. [BY DIRECT WIRE TO THE TIMES.] OROVILLE, Dec. 1.—[Exclusive Dispatch.] Announcement has been made here by C. M. Gardner, traveling auditor of the Union Ice Company, commonly called the California Ice Trust, that his company has been granted a five-year contract to supply all the ice used by the Western Pacific Railroad on its trains and at its depots and offices, as well as for firing fuel trains in California and Nevada. The new plan all ice will be hauled from the big houses of the Union Ice Company near Boca. These houses have to be enlarged or additional ones built. In Oroville and Portola, ice houses and icing platforms will be built and others will be provided further east to keep fruit trains supplied.

RAILROAD WANTED. GRANGE ON CAMPAIGN. [BY DIRECT WIRE TO THE TIMES.] SAN JOSE, Dec. 1.—[Exclusive Dispatch.] The Orchard City Grange of Campbell, through its master, A. C. Keeling, has sent a communication to the managing board of the Chamber of Commerce asking that the body join with the grangers in a campaign to interest the Western Pacific in building a branch line through Niles canyon into this valley. The Grangers allege that the Southern Pacific has given the fruit men of the valley wretched service. A motion that such a committee, to consist of members from all the large communities in the valley, be appointed by President Scheeler, was carried. Scheeler will announce the personnel of the committee within a few days.

LOOKS BLACK FOR HATCH. Testimony Brought Out at Trial Shows Diversion of Funds to His Personal Account. [BY DIRECT WIRE TO THE TIMES.] SAN JOSE (Cal.) Dec. 1.—[Exclusive Dispatch.] W. A. Von Bokkelen, secretary of the Merchants Exchange Bank of San Francisco; E. L. Peterson, teller of the First National Bank, here, and Paul First of the First National Bank, testified today in the retrial of Jackson Hatch, for embezzlement. They showed that money received from the sale of property of the Sage estate had gone into Hatch's personal account. Von Bokkelen testified to the sending of dividends from thirty shares of stock in his bank to Hatch and local bankers traced money into the account of Hatch with the bank. Dated San Francisco, November 28, 1910.

GOOD TENNIS  
AT PASADENA.

First Tourney of Crown City  
Club a Success.

McLaughlin and Bundy Star  
in Men's Doubles.

May Sutton Is Scheduled to  
Appear Today.

The best tennis tournament ever held in Pasadena opened yesterday morning at the Maryland courts under the direction of the Pasadena Tennis Club. It is the first annual tournament of the club which was organized only a few months ago. The announcements of the tournament state that it is the second annual tournament but the first tournament was held on the Carmelita Gardens courts last spring, but not under the auspices of this club.

For the first day of a three-day tournament, yesterday's playing was interesting to the large crowd of spectators and by the professional and amateur players who were present. Many of the sets showed excellent tennis and were well deserving of commendation.

The interesting event of the day was the men's double match between McLaughlin and Bundy against Win Mace and Cliff Herd. It was the first tournament game in which McLaughlin and Bundy had ever played together and they easily showed what they will be when they have worked together for some time. They have been selected by the Pacific Coast clubs to represent the Pacific Coast states at the national tournaments in the East next year in men's doubles, that is, providing they win the championship of the Coast tournaments.

The first set was won 6-0 in five minutes, or just as soon as the game could be reached off. The second set was prolonged somewhat, but so far as McLaughlin and Bundy were concerned, it could have ended with the same result. McLaughlin's cuts were exhibited in excellent manner and the playing of Bundy was nearly as good. However, Mace and Herd were outclassed at every turn.

The match between Capt. Johnson and Horrell against Duncan and Brown was another good one and lasted for more than an hour. Both teams were evenly matched. Capt. Johnson played good tennis but Horrell was not able to stand up against the opposition and weakened his partner's playing. On the other side Nat Brown started a fine game.

**SINABAUGH RHINES.**  
One of the best matches in men's singles was that between Sinabaugh and Brooks. Sinabaugh played good tennis throughout and won easily, although Brooks put up a stiff game.

The playing of several of the Pasadena entrants was very good. Kenneth Spring, who made a creditable showing in the high school tournament last spring, put up a fine game. Both of the Barker boys showed class in the men's doubles against Sinabaugh and Hopper. It was the first tournament the Pasadena boys had been in and they were nervous.

The match in women's singles between Miss Todd and Miss Earley was one of the prettiest of the day. They played early in the day, but the match was a good one.

The playing today should be interesting. May Sutton is to appear in the women's singles early this morning with Miss Todd, which should be a good game. Miss Earley will play late in the day against Miss McCament. She won the championship of the Valley Hunt Club a few weeks ago and her friends think she will be runner-up in the finals.

The courts are new and very fast to many of the players who have been used to asphalt courts. Results:

Men's singles, first round: L. F. Johnson beat A. J. Duncan; L. F. Johnson beat A. B. Brown; Earl Shook beat A. J. Johnson; K. Newell beat Hopper 4-6, 6-4; C. Barker beat W. Horrell 6-3, 6-2; C. Herd beat G. L. Galusha 6-2, 6-3; N. Sheldon beat E. V. Weller 6-4, 6-3; Brooks beat Pittman by default.

Men's singles, second round: Capt. Johnson beat W. Dietrich 6-1, 6-2; W. H. Bacon beat C. Barker 6-3, 6-2; J. D. Holmes beat Sheldon 6-4, 6-2; Sinabaugh beat Brooks 6-4, 6-2.

Men's doubles, first round: Sinabaugh and Hopper beat Barker and Barker 6-1, 6-4. Second round: Brown and Duncan beat Capt. Johnson and Horrell 6-1, 6-4; Bundy and McLaughlin beat Mace and Herd 6-0, 6-2. Women's singles, first round: Miss Todd beat Miss Earley 4-6, 7-5, 6-1.

**SCHEDULE TODAY.**  
Court 1 men's singles, 9 o'clock. Bell to play a partner to be selected; McLaughlin and Herd; J. D. Holmes and a partner to be selected; Capt. Johnson and A. Bell; Bundy and L. F. Johnson.

Miss May Sutton,  
champion of tennis champions at the Maryland tournament  
yesterday by Williams and Salt.

FUTURE FOR TENNIS  
QUEEN OF THE COURTS  
GIVES HER IMPRESSIONS.

FOR the opening day of the tournament the playing today was fine. I was in the grand stand most of the time and watched several of the matches very closely. Several of them were very good tennis.

I like the new Maryland courts. I have not played on them yet, but they are very fast. Then the surroundings are excellent and the crowds today were very good and everyone seemed to take a lively interest. The crowds Friday and Saturday should be large. From present indication I believe this tournament will be one of the most interesting ever held in Southern California. Pasadena should be a very good tennis town and I would be very glad to see much enthusiasm worked up here.

Southern California has a number of excellent tennis players and the more tournaments we have the better they will become because it takes practice to become a good tennis player. It is no play game if you are to be a winner. I think it is one of the very best of the outdoor sports and proves excellent recreation and exercise for anyone.

**SEA CLIFF IS LUCKY WINNER.**  
CAPTURES FEATURE EVENT BY NOSE AT OAKLAND TRACK.

Metropolitan in Front Until Near the Finish, But Could Not Stand the Speedy Pace—Roman Wing Gives the Gamblers a Chance to Do Some Real Business.

**ASSOCIATED PRESS NIGHT REPORT.**  
OAKLAND, Dec. 1.—Sea Cliff won the Dainty handicap, the feature of the card at Emeryville today, by a nose from Jack Bann, an outsider. Metropolitan led most of the way but pace told on him. Sea Cliff then took command and stood a fair gamely.

Roman Wing, winner of the third, was the medium of a "clean up." Results:

Six furlongs, selling: Ada Meade (Glass) won; Captain John (Mentry), second; Envan (Page) third; time, 1:12 5-8. P. E. Shaw, Maxine Miller, L. C. Ackery, Hampass and Darrington also ran.

Future course: "Doncaster" (Garner) won; St. Heller (Thomas) second; Onasbar (Glass) third; time, 1:10. Beatrice Soule, Clara Hampton and Bay Rose also ran.

Five and a half furlongs: Dec. 1.—John B. Moisant, one of the participants in the aviation meet here today, made a flight of sixteen miles in the face of a varying wind. He circled the Tri-State race track twelve times, and flew over the city, a distance of two miles and returned.

BOB HOOPER  
TAKES HELM.

Oldfield Not Honored by  
A.A.A. Officials.

Coast to Coast Show Knew  
the Nature.

Session Closes, No Change in  
Outlaw Situation.

**BY DIRECT WIRE TO THE TIMES.**  
NEW YORK, Dec. 1.—[Exclusive Dispatch.] Robert P. Hooper of Pennsylvania was elected president of the American Automobile Association in the concluding session of its ninth annual meeting, held today at Hotel Belmont. Indicating to the West that the association is country-wide in its desired growth, the directors voted to change the seat of the association from New York to New Jersey.

In the make-up of the Executive committee the West received representation which further accentuated the desire to extend and maintain the influence of the organization from coast to coast. The following officers were elected: President, Robert P. Hooper, Pennsylvania; first vice-president, Frank M. Joyce, Minnesota; second vice-president, F. C. Donald, Illinois; third vice-president, C. L. Bonfield, Ohio; fourth vice-president, F. G. Webb, New York; fifth vice-president, F. L. Baker, California; secretary, John N. Brooks, Connecticut; treasurer, H. A. Bonnell, New Jersey.

President H. R. Speare opened the meeting and then gave way to Hooper, upon the unanimous acceptance of the report of the Nominating Committee. After taking the chair President Hooper announced the appointment of chairmen of national boards. The incumbents were reappointed, with the exception of the Touring Information Board. Howard Longstreth of the Automobile Club of Philadelphia, succeeding Powell Evans of the same club.

Federal aid in the construction of highways, while working at the same time for State road improvement, was embodied in the passage of resolutions. The retiring president, Mr. Speare, received a standing vote of thanks, and a committee was appointed to select a memento of his notable occupancy of the association's highest office.

In connection with the forthcoming annual meetings, it was voted that a banquet should be held and the president was empowered to appoint a committee to take charge of the affair.

Barney Oldfield was not reinstated at the meeting of the Automobile Association of America in New York. The session came to an end yesterday, but the name of Oldfield was not honored or dishonored. The speed king must now go to the States, for how long no one can state.

Just what difference the change in the head chair will make is also problematical. Oldfield is to race at Ascot Park a week from Saturday. He is not worrying about the action of the A. A. A. He has been ignored and now he is preparing to take part in what promises to be the most sensational race meet ever pulled off.

**Horse Sale Ended.**  
LEXINGTON, Dec. 1.—The final day of the autumn thoroughbred sales brought the best prices of the week. E. R. Bradley of New York bought a chestnut filly by Voter-Incarnate for \$800. C. C. Smithson of Washington paid a similar amount for a bay colt by Contender-Orderly, and then gave \$400 for a brown colt by Voter-Midge. A black colt by Deudonne, Jess Bird, was sold to W. L. Powers of New York for \$400. The total for 246 horses sold during the auction to noon today was \$41,740.

EAGER TO WORK  
Health Regained by Right Food.

The average healthy man or woman is usually eager to be busy at some useful task or employment. But let dyspepsia or indigestion get hold of one, and all endeavor becomes a burden.

"A year ago, after recovering from an operation," writes a Michigan lady, "my stomach and nerves began to give me much trouble. At times my appetite was voracious, but when I ate, indigestion followed. Other times I had no appetite whatever. The food I took did not nourish me and I grew weaker than ever."

"I lost interest in everything and wanted to be alone. I had always had good nerves, but now the mere sight of food would upset me and bring on a violent headache. Walking across the room was an effort and prescribed exercise was out of the question."

"I had seen Grape-Nuts advertised, but did not believe what I read at the time. When it seemed as if I was literally starving, I began to eat Grape-Nuts."

"I had not been able to work for a year, but now after two months on Grape-Nuts I am eager to be at work again. My stomach gives me no trouble now. My nerves are steady as ever, and interest in life and ambition have come back with the return to health."

Read "There's a Reason," in pgs. "The Road to Wellville," in pgs. "Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest."

the meeting of the Automobile Association of America in New York. The session came to an end yesterday, but the name of Oldfield was not honored or dishonored. The speed king must now go to the States, for how long no one can state.

Just what difference the change in the head chair will make is also problematical. Oldfield is to race at Ascot Park a week from Saturday. He is not worrying about the action of the A. A. A. He has been ignored and now he is preparing to take part in what promises to be the most sensational race meet ever pulled off.

**Horse Sale Ended.**  
LEXINGTON, Dec. 1.—The final day of the autumn thoroughbred sales brought the best prices of the week. E. R. Bradley of New York bought a chestnut filly by Voter-Incarnate for \$800. C. C. Smithson of Washington paid a similar amount for a bay colt by Contender-Orderly, and then gave \$400 for a brown colt by Voter-Midge. A black colt by Deudonne, Jess Bird, was sold to W. L. Powers of New York for \$400. The total for 246 horses sold during the auction to noon today was \$41,740.

**Girls and Ties**  
SINCE times barbarian, man has worn ties to please his woman. How many men on the desert alone—or deep in the mines—or jungle's thick—wear ties? And because a man wears a tie for his woman—nothing pleases him more than her tie gift at Christmas. Something that reflects her taste—her sense of what is pretty on him. Something that will please her in the wearing.

In London—Paris—or New York—a finer, better, wider selections of ties cannot be found. And at such reasonable prices.

Silverwood's windows always show the first importations—the exclusive creations—the dainty harmonies.

**One of Them**  
A heavy rich, silk, Cravat creation—ties four-in-hand—wide flowing ends—in late Persian patterns—ties exquisitely—in shades and colors becoming to him.

Legislators Plan to A  
Banquet Squeeze.

Legislators-Elect to Be  
Guests of Women.

Feminine Eloquence Will  
Trained on Them.

Following its usual custom, Chamber of Commerce has asked the Southern California Assembly and Senate-elect to meet in Los Angeles for a two-day preliminary session on Monday and Tuesday, the 12th and 13th inst.

By the fixing of dates the opportunity for legislative votes to have been of also, for the members are to be surprised with attention organizations that have needs wants.

First of all come the suffrage and in numerical order, perhaps in the inundating character of the hunt for votes. Under the auspices of the Political Equality League the members-elect are to be banqueted at Alexandria on the evening of the 12th and it is to be made the occasion the greatest outpouring in support of suffrage advocates that has been known here.

At this banquet several hundred expected, and its toastmaster, no doubt, will be Mr. Charles H. Thompson. The speakers will be among the most eloquent leaders for equal rights. A banquet to begin at 7 o'clock, and then 300 invitations are to be sent out. Mrs. Berthold Baruch is chairman of the Entertainment Committee.

Others who are working with the Baruch and Mrs. Tolbert to make a session point are Mrs. George C. Brown, Mrs. Edward C. Brown, Mrs. Dr. Ross Buchanan, Mrs. John Haynes, Mrs. Charles Furwell, Mrs. H. E. Gray and Mrs. Arthur H. Gray. They are to hold a meeting Mrs. Baruch's home tomorrow morning to determine the finalities, and perhaps the program for the day.

Second, in numbers, at least, are the National Guard officers of Southern California. They have arranged to give a banquet to the members-elect at the Jonathan Club on the evening of the 12th. About thirty of the brigade officers and those of the Governor's staff are to be invited, and will be the effort under the leadership of Brigadier General Wankowski and Maj. Stephen Wankowski, who is in command of the National Guard of Southern California at Astoria Park.

This is a biennial story, but by the time it has new chapters. Two years ago the Legislature met in Los Angeles for an anniversary, but the Governor has refused to let one be built at the city as the city cannot be made to suit the Legislature. The city has erected for such a sum. Meanwhile in the guard who the Governor refused to sign a bill for the construction of more than \$100,000 two years ago, and now he deems the amount inadequate.

So do they, and will in their effort to convince the members-elect that the army ought to cost \$20,000 in order to purchase with the other big buildings and used for the needs of a growing State military.

Other wants of the guard are to be presented in a committee of five officers with Col. W. G. Schriber as chairman, is now at work.

**POLITICAL NEEDS, ALSO.**  
Third, at least, stands the Chamber of Commerce purpose, which is to get the members together to discuss the political needs of all south of the Tehachas. On Tuesday, the 13th, the needs of the city of Los Angeles are to be considered. On the 15th the wants of the region outside the city are to be presented. It is the chamber's custom to read the record to the new members to read the record to the new members to read the record to the new members.

But that is not all. On Saturday, the 17th, the members-elect are to participate in the laying of the corner-stone of the two new big buildings at Agricultural Park. One is the State Building and the other is the City Building. This occasion is to be made a big one by the Seventh District Agricultural Association, which has charge of the park.

**SICK WIFE LEFT IN DESTITUION.**

**HUSBAND IS ARRESTED BY RAN-ERFIELD OFFICER.**  
Detectives Find Woman and Infant in Pithless State—Effort is Made to Recover Money to Send Her Back to Parents—Woman in Prison, Likely to Live Only Short Time.

Lewis Montgomery, looked upon as a hard-boiled wife-deserter, was arrested last night in Ranerfield on a warrant issued from this city and served by City Marshal Gennell of the northern tower.

"The case first came to the notice of the police through the agency of the Associated Charities, in which the wife, Julia, appealed in her extreme poverty. Though she is dying of consumption, and with her 3-year-old baby, is in a state of absolute destitution, she would herself make no complaint to the police against the man who is declared to have deserted her of her little savings, sold her trinkets and the household goods down to the last stick and then deserted her.

According to Detective Murray and McCann, who investigated, the woman's condition is pitiful in the extreme. Hardly more than 20 years of age, not even the ravages of the dread disease from which she suffers can hide the fact that she was once a beautiful girl. The apartment at No. 315 North avenue, where she and her infant have suffered in silence for weeks is bare, unheated and stripped of practically everything suitable.

According to the woman's reluctantly told story, Montgomery was formerly a conductor on the Edendale line of the Pacific Electric. In order to purchase a uniform and the watch which he needed in his position he sold his wife's ring were used to almost the last penny. He finally left her altogether about three weeks ago, giving no hint as to where he intended to go or what he expected to do. The wife was unable, in her exhausted condition, to earn any-

commercially packed box of oranges and other prizes of a similar nature.

Leslie Laumelmer, secretary of the chamber, is now at work collecting fruit, a large number of oranges having been left in orchards and carefully watched with a view to later exhibition.

Visiting Japanese Admiral

Local Nipponese Welcome  
Arriving Cruisers.

Both Vessels Served in War  
With Russia.

"Banzai! banzai! banzai!"  
The cry echoed and re-echoed along Los Angeles harbor early yesterday morning. It began long before the arrival of the two training vessels, Asama and Kasagi, in command of Admiral Tokuro Yoshino of the Japanese navy.  
When the first grim gray outlines of the fighting cruisers appeared far out at sea, the cry grew in volume. The little yellow citizens of Southern California shrieked in ecstatic joy at seeing this connecting link between themselves and their far distant homes.  
Huts and canes were tossed about with a fervor not exceeded at an American football game when the score between two rival colleges is tied. One frantic, red-faced enthusiast toppled off the upper wharf on to one of the floats and only the quick hand of another countryman saved him from a wetting.

## BREAKWATER BIDS LOCAL.

Four Proposals Received Yesterday for Completing the Gap in the San Pedro Seawall.

The bidding for the contract to fill up the gap at the shore end of the government breakwater at San Pedro was formerly concluded yesterday with the opening of the proposals submitted in the United States Engineer's office. Four offers were received, each on the basis of so much per ton for rock in place, and all from local contractors.

The lowest bid was that of W. S. Russell at \$1.25 per ton. By Brothers' Stone Company bid \$1.40, the North American Dredging Company \$1.43 and the Shattuck-Edinger Company \$1.47 per ton.

In tabulated form the bids were forwarded last night to Gen. W. H. Bixby, Chief of Engineers, U.S.A., with the recommendation of Lieut. Leeds, engineer for this district, as to the awarding of the contract among them. Lieut. Leeds is not at liberty to make known which one received his approval. He pointed out that, while the lowest bid would be accepted if all other considerations were equal, there are other points of almost equal importance to be weighed in making the recommendation. It is probable that there will be no delay in the formal decision by Gen. Bixby, so that the final award may be expected within two weeks.

The contract, which involves an expenditure of about \$200,000 of the government harbor appropriation, specifically calls for the construction of a breakwater of stone between the western end of the present seawall and the shore, a distance at high water of 1900 feet.

Dupree and Nave Negotiate  
Toward Flying.

Not to be outdone by wealthy young men of the East, Walter Dupree and Fritz Nave of Los Angeles and Coronado have determined to become aviators.

Yesterday the presence in the city of Walter Brookings and Archie Hoxsey, the noted birdmen, touched a match of their smouldering desires, and they immediately entered into negotiations looking toward the purchase of two biplanes.

The young men, who have money, the leisure and the inclination to become aviators, are determined that Anthony J. Drexel, the millionaire flyer of Philadelphia and Claude Grahame-White, the wealthy aviator from England, shall not alone hold the honors of aerial navigation.

The first of this week Dupree and Nave were at the Alexandria, and to several friends confided their aspirations to own flying machines and also to learn how to operate the wonderful contrivances. Wednesday the arrival of Hoxsey and Brookings and the impetus given to aviation by their presence, was seized upon as an opportunity. They were introduced to the noted birdmen and, then to Roy Knabenshue, who is manager for the Wright brothers, and also for the above mentioned aviators. Dupree and Nave inquired the price of machines, the probable time of delivery and the chance of being taught the art of handling them. They learned that it will be some time before delivery can be made, and that biplanes cost more than expensive automobiles, but that

The other photograph, by Hughes, faithfully represents the same gentleman December 1, 1910—after thirty days of hot-water diet. Weight 154 1/2 pounds, striped. Waist measure 31 inches. "Of course, I am not going to have to be very careful now that I have begun to eat again. The doctors are going to feed me on teaspoonfuls of beef broth for some days. After that I will get a poached egg once in a while, I suppose, and so on. It will be about fifteen days until I am able to eat anything I want. However, I expect to keep on a regular diet until I have lost the rest of my superfluous flesh—I figure that there is still about fifteen pounds extra on me."

It may be mentioned incidentally that Rowan is also the gainer by sundry some rashly risked by his business associates that he would not be able to go the distance. These sporting jokers were launched at various stages along the way and were taken up by Rowan, "merely as some early money that ought to be gathered in."

A. L. Schwartz is among those who are sorry that they ever took issue with the plucky young broker. Schwartz is to the bad by \$25 on the proposition that the fast would seriously injure Rowan, "merely as some early money that ought to be gathered in."

"I guess I'm the goat all right," quoth Schwartz ruefully yesterday. "It would have been worth a good suit to anybody in town who could have caught Rowan eating anything during the thirty days. But he's a really stuck it out but he says he feels fine. Huh—I guess I'll get to pay all-right, but it was worth \$25 to see anybody do it."

## WOMAN TRAPS FAKE PEDDLERS.

MANY HOUSEWIVES VICTIMIZED  
BY WALNUT VENDORS.

Work Old Trick of Placing Best Nuts on Top and Lure Customers. By Offering Last Dribble. Make One Call Too Many at House of Official.

While many housewives have been made the victims of English walnut vendors, not one was able to give a description of the men of any value to the police until Mrs. J. Hill, wife of Deputy District Attorney Hill, got the "dope." As a result, her husband was able to promote justice by making out a complaint for Abe Raphael and Edward Garner. The men were arrested by Detective Hawley yesterday on a charge of criminal conspiracy.

They were released on \$100 bail. Complaints have been made in great number to the police recently by housewives, who declared they had purchased fifty pound sacks of English walnuts from two peddlers only to find that the fine nut were all on top. Beneath the good layer were forty-nine pounds of the "driest, meanest-looking, rotten nuts," they ever saw.

So eager had they been to conclude the purchase of fifty pounds of first-class nut for nine cents a pound that they did not pay much attention to the personal appearance of the peddlers.

Yesterday afternoon a man knocked at the kitchen door of the Hill home at No. 229 North Wilcox street, East Hollywood. Mrs. Hill answered the summons.

"Which some nice walnuts today, ma'am?" she was asked.

"You are just the man I am looking for," replied Mrs. Hill.

While she was bargaining, Mrs. Hill sized up the peddler.

After bargaining all the man would tell about himself she suddenly discovered that the nuts were not nearly so good beneath the surface. In fact, she found they weren't worth anything. She refused to purchase them, and as soon as the peddler left she called the District Attorney's office by telephone and told her husband all about it. A few minutes later Detective Hawley was on the trail of the nut vendors with a warrant for their arrest.

Hourly among other residents in the neighborhood disclosed the fact that some housewives had purchased as many as 250 worth of the worthless nuts, intending to store them away for the winter. They will appear in court.

## FIGHT FOR THE SWILL REVEALS TRADE SECRETS.

WHILE the municipal authorities, sniffing something unfragrant, are offering prizes for the ingenious person who will come forward with a solution of the problem of disposing of the garbage, E. Griffith is seeking in the justice court to establish that it is a commodity and to recover damages because he did not get all of it to which he lays claim.

Contrary to the inference which might be drawn from the terrible outcry which has been raised by the persons residing in the vicinity of garbage incinerators, leaving from the table and kitchen have true worth and are much sought after.

About all the "ins and outs" of the traffic in garbage were laid before Justice Summerfield yesterday in the suit of Griffith against Colby & Reed, proprietors of two cafeterias. The subject of contention was designated as plain swill.

The Colby & Reed cafeterias have the reputation of producing the "best" swill of any of the eating places in the city and Levy's cafe has the distinction of turning out the largest quantity of it.

The hot raisers in this vicinity know the back door of the restaurants and cafes better than the most convivial persons know the front entrances. They can tell to the cent how much more garbage from one place in worth than that from another.

They always have their eyes open for a chance to close such contracts and at present there is no swill fit for feed which can be bought in the city.

In view of these conditions, it was not strange that there was active competition when it became known last spring that the Colby & Reed contract was open to the highest bidder. So high priced was the garbage from these cafeterias that Griffith and N. H. McLean, partners in the Maple Leaf Farm at Vernon, entered competitive bids, without one knowing that the other was submitting an offer. Griffith's bid was the highest and he got a contract.

What kind of a contract it was on account was not settled. It was on account

of a disagreement as to its terms that the litigation before Justice Summerfield was begun. Griffith says it was for two and half years and the cafeteria owners say it ran only until August 4.

The parties mixed up in the suit had no difficulty until early in August. When the men from the Maple Leaf Farm went to the rear of the cafeterias to get the cans, they found other garbage haulers there loading the leavings.

It was only the diplomacy of a policeman that prevented a royal battle with a wagon load of potato peelings and scraps as the spoils for the victor. A new contract was let and Griffith was shut out.

In his suit he alleges that he was damaged in the sum of \$299.99 by the failure of the defendants to deliver to him the feed for his "porkers."

**DOHENY HOLDS KEY TO PLANS.**

Makes Possible Building of Great Refinery.

Also Pipe Line from Mexican Fields Into Texas.

General News of Interest from Oil Fields.

When H. Clay Pierce of the Waters-Pierce Oil Company came to Los Angeles a few weeks ago and paid the Mexican Petroleum Company (Doheny) \$214 cents a barrel for 2,500,000 barrels of oil to be delivered within the next five years, the deal was the forerunner of a stupendous proposition affecting the oil industry.

Special correspondence from Harlingen, Tex., is authoritative for the statement in the Oil, Paint and Drug Reporter that the Waters-Pierce Oil Association, which is the successor of the Waters-Pierce Oil Company in Texas, has under consideration the matter of leasing its proposed \$2,000,000 oil refinery at Harlingen or some other point in South Texas convenient to the oil fields of the upper Gulf Coast region of Mexico. It is stated that these estimates phase not only contemplate the erection of a great refining plant, but also the laying of an extensive system of pipe lines from the Mexican oil fields.

It is the purpose of the Waters-Pierce Association to co-operate closely with the Waters-Pierce Oil Company, which has been operating in Mexico for more than thirty years. While the two concerns are of different names, their interests are almost identical. The Waters-Pierce company not only have a hard competitive fight on their hands in Mexico, but in Texas as well. In that State the Texas Oil Company is putting up a vigorous campaign for a big share of the refined oil trade.

By the contract which H. Clay Pierce recently made in this city with the Huasteco Petroleum Company (controlled by the Mexican Petroleum Company Limited of Delaware) the Waters-Pierce Oil Company has acquired 2,500,000 barrels of crude oil of the former company's production. It was stated by Pierce during a recent visit to Texas that his company is assured of practically an unlimited supply of crude oil in Mexico. In addition to the output of the Huasteco Petroleum Company, most of the production of the Mexican Petroleum Company in Texas will go to the Waters-Pierce Oil Company.

The output of these two companies is much more than sufficient to supply the demands of the large refinery of the Waters-Pierce Company at Tampico, and it is this fact that is causing plans for establishing a big refinery in South Texas to be considered. It is known that the Gulf Coast oil territory of Mexico extends northward from Tampico almost to the Rio Grande, and while the main pipe line for bringing oil to the United States from the fields where the Doheny companies are now operating would have to be about 300 miles long, the prospects are favorable for the development of other productive fields within a distance of fifty to 100 miles from the site of the proposed refinery in Texas.

Besides this favorable feature of the situation there are good indications of oil on the American side of the Rio Grande all the way between Harlingen and Laredo. In the upper part of the border territory several producing wells have already been brought in. So far as known the Waters-Pierce Oil Association is not yet financially interested in any of the producing oil fields of Texas, and to obtain crude oil from that State for its new refinery, would have to enter the open market for the product. By securing the oil through a pipe line system from the Mexican fields it will be in a much more independent position.

From any side the matter is considered it seems that the Doheny companies of Mexico hold the key to the situation, and must always be reckoned with.

**OIL GUSHERS AT WORK.**

THREE NEAR THE LAKEVIEW.

(Special Correspondence of The Times.)

HAKEFIELD, Nov. 26.—In addition to the spray sent up by the big gusher well No. 3, which broke loose this evening at 5 o'clock, the atmosphere of Maricopa was perfumed today by oil and gas from two other gushers, the Union Oil Company's Sage No. 11 and the well No. 5 of the Maricopa Thirty-six.

The two wells, which are about 1400 feet apart, and on lower adjoining the Lakeview on the west and south respectively, have been spouting intermittently for some little time past, mounting up after a few hours flow each time. Today noon the Sage 11 broke loose with even more vigor than usual, and for three hours it sent a cloud of oil and sand, and gas, far above the derrick. The gas pressure was estimated at 70 pounds to the square inch, and the force with which the sand and oil were shot skyward was terrific. The tools were blown from the well when the flow started, and the top of the derrick was wrecked.

For months past the Union has been trying to break the Sage 11, but without success. The hole in clear broke out to a certain depth a new outburst of the pent-up gases occurs, there is an eruption of oil and sand, and gas, and the well is choked once more. The well has never yet cleared itself after the casing fills with sand, and each time it has to be bled out. The Sage well is 1365 feet deep.

The Maricopa Thirty-six is 1507 feet deep, and the casing has just entered the oil sand from which the flow of oil came today. Superintendent Tryon plans to go through the present stratum to the Lakeview sand, which lies at a little greater depth. The Maricopa Thirty-six cased after a few hours flow.

**VISITING OIL FIELDS.**

COMES FROM FAR EAST.

Theodore Bunje of Hongkong, representing extensive oil operators of Sumatra and Borneo, is making a trip of inspection through the oil fields of California for the purpose of acquainting himself with the machinery used in the drilling and operation of oil wells in this State.

Mr. Bunje will visit the Santa Paula field, Ventura county, first, where he will particularly inspect the property of the Pyramid Oil Company in which some of his associates in Hongkong are shareholders. From Santa Paula he will go to Midway where he will spend several days studying the methods and machinery used in the different formations there, such as the hard oil and stirring sands. In Midway he will also spend some time looking into the two properties and studying the merits of the Pyramid Company's two properties and studying the showing being made by the development work.

A couple of days will be spent in the Kern River field where the Pyramid Company has another property on which a fifty barrel well has just been brought in. The Coalinga field will

also be visited by Bunje where he will spend several days.

Mr. Bunje predicts a great future for California oil in the Far East and says that in the last year the California product has come into much greater demand there.

**STRIKE IN ELK HILLS.**

ASSOCIATED GETS OIL.

The Midway Driller, published at Taft, is responsible for the statement that the Associated Oil Company has proved up the Elk hills as oil territory. It is said the company has brought in a well on section 28 which justifies the vast amount of development work that has been done in that locality. The pay sand was entered at a depth of 2100 feet.

A well of secrecy has been thrown around the operations in this district by the company, and all the employees are sworn to say nothing. For that reason only meager details are obtainable in regard to the reported strike.

**OIL FIELD OF MYSTERY.**

QUIET ABOUT LOST HILLS.

Oil prospectors returning recently from the Lost Hills country report that little is going on, and what that little may be is very hard to find out. The Associated is about the only company drilling on the west side of the ridge, having a standard rig on section 14, 28-29. There is a sign posted warning all but employees to keep off the property.

East of the ridge it is said the Marietta Oil Company is down about 600 feet but has not yet struck oil. On the southwest quarter of section 14, 28-29 the Oil Center Consolidated, composed in large part of Associated employees, is beginning a hole with 16-inch stovepipe casing and using a standard rig.

**GRANTS ERNSTING A NEW TRIAL.**

DISTRICT COURT OF APPEAL PASSES ON CASE.

Higher Tribunal Finds That Certain Evidence Was Improperly Admitted—Matter of an Alleged Unintelligible Question Also Receives Attention.

The District Court of Appeal yesterday granted a new trial to Willis Ernsting, who was convicted last spring on a charge of murder and was sentenced to serve twenty years in San Quentin.

Ernsting was accused of having murdered William Butler, an aged and wealthy veteran, who was found dead in Center Place near Sixth street, with his ribs crushed in, early in the morning of August 15, 1909.

The body was found by a garbage man whose horses stopped suddenly as he was driving through the narrow thoroughfare. The police at first dwelt on the theory that the horses had stepped on him and killed him as he lay in the alley in an intoxicated condition.

It developed later that he had been in a scuffle with Ernsting in a rooming-house which had rear steps leading to the alley. The police then took up a murder theory and Ernsting was arrested while in hiding.

After a lengthy trial he was found guilty of murder in the second degree and a long prison term stared him in the face. He took an appeal and the court reversed the judgment.

There are two grounds for reversal. One is as to a matter of evidence which the higher court found was improperly admitted and the other was as to an answer to an unintelligible question.

S. F. White, the garbage man who found the body, testified that he saw a man in the vicinity whose description answered that of Ernsting, and that he had some words with him about getting an officer.

Other testimony showed that the alley was almost dark and White admitted that his conclusion as to Ernsting was the man he talked to was drawn from the fact that the two were of about the same stature. The higher court found that this was not sufficient identification.

The other objection was as to the following question which was asked of Dr. George W. Campbell, autopsy surgeon:

A small object inflicted the same kind of a wound it could no more likely to leave an impression on the outside of the skin than a large object?"

The higher court held that this question was unintelligible and that the response was improperly permitted to go in evidence. The attorneys for the convicted man raised many other grounds for reversal, but the opinion held that they were not sufficient to prejudice the finding against the defendant.

**OCEAN PARK.**

OCEAN PARK, Dec. 1.—The Ocean Park Scenic Railway Company has contracted for the construction of a new roller coaster amusement device on the new Marine-street pier. The structure, which is to occupy a space 350 feet in length and 100 feet in width, is to cost \$25,000 and is to be completed by the middle of February.

Work on the construction of the new reinforced concrete pier is being prosecuted vigorously. The task of sinking the piles has been commenced. These are cast in frame falsework and after being given thirty days in which to properly season are ready to enter the water. Double shifts of workmen are now employed, one force being engaged in casting piles while the other is sinking them in the sands of the sea.

## Magic Suction Cleaners are Here

Perhaps the family will combine on a single gift for "mother"—of an electric suction cleaner. Certainly she will fully appreciate such a practical gift—and so will the rest of the family, in the easily-kept-clean rooms and lessened work:

**THE MAGIC ELECTRIC SUCTION CLEANER**—runs on wheels, easier than a carpet sweeper; weighs but ten pounds, uses but little electricity and is the simplest, lightest, most effective, inexpensive, noiseless and durable suction cleaner made. We are glad to demonstrate it to anybody; price complete with 25 feet of insulated conducting cord and attachment plug ..... \$38.00

With extra attachments ..... \$44.00

## A Sale of Stylish Tailored Suits for Women at \$17.50

Comprises Values Up to \$27.50 and \$30

### Knit Underwear

Women whose minds incline to the practical in giving, will select for their women friends something like these:

**KAYSER ITALIAN SILK VESTS**—These silk vests will not "run," if a stitch breaks, as the ordinary silk will; they are embroidered in pretty designs; low necked, sleeveless styles, at \$2 to \$5.

**LESS EXPENSIVE UNDERWEAR**—may be had in all good qualities and makes and styles. Our assortments are gratifyingly complete.

**NAZAR WAIST UNION SUITS**—For boys and girls of 2 to 12 years; three garments in one, at one small price ..... 75c

### French Lingerie

What woman won't be pleased to receive a set or a single article of real French lingerie? We've specially priced these for early choosers:

**FRENCH HAND-EMBROIDERED LINGERIE**—Corset covers, chemises, gowns, combinations, Princess slips and skirts—garments made in French convents and done as only clever needleworkers can embroider and sew; at a wide range of special prices—from 75c to \$45.00—reductions prevail of a fourth or even more.

## Our 4th Floor Cafe and Men's Grill

Will prove a splendid meeting place for you and your friends. Make use of it; take a la carte luncheon (11:30 to 2:30) secure a cup of tea, coffee, chocolate, with a salad, sandwiches or light luncheon in the afternoon.

Men like the Grill, with its first-class service and convenient location. Use either the store entrance or the exclusive entrance at 204 South Broadway—through the B. F. Coulter Building.

## A Friday and Saturday Sale of Misses' Wool Dresses

Savings on necessities are all the more appreciated when unusual demands are being made on most purses:

**MISSSES' AND CHILDREN'S WOOL DRESSES**—of superior workmanship, with none but the best grades of materials; for girls of 10 to 16 years; formerly sold at \$12.50, \$15 and \$17.50, on Friday and Saturday out at one special price ..... \$10.00

**NEW PETER THOMPSONS**—a special purchase of navy blue sailor and Peter Thompson all-wool serge suits; white or black braid trimmed; with silk embroidered emblems; for girls of 6 to 14 years; plenty of each size; two days ..... \$5.50

This well, which is 30 feet in depth, gives indications, according to the experts, of developing an artesian flow, and it is probable that the city will drive the hole a hundred or two feet farther, in the hope of bringing the water to the top of the ground.

**Water from this well will be pumped directly into the mains, and for this purpose there probably will be installed a new type of pump which was recently invented and perfected by a Porterville mechanical engineer and which is now about ready to be placed on the market for general sale.**

EXETER, Nov. 29.—What is the largest single consignment of oranges, shipped to one purchaser in the history of the Central California orange belt, and one which probably will establish a record for the entire state was made yesterday when an entire trainload of fourteen cars left this station enroute for Melbourne, Australia. These oranges are extra fancy stock, of fancy sizes and are being shipped to P. J. Duffy and Company from the Berryman Fruit Co. This corporation is now the owner of the famous Merryman orchard which was formerly the property of W. J. Merryman, which at his death passed to the stock company, which is a subsidiary corporation of the Merryman Land & Lumber Co. of Green Bay, Wisconsin. This shipment is twice as large as the largest previous single consignment which ever left the Porterville-Exeter district and it is believed that it establishes a record for the largest single purchase recorded in this entire state.

## **FEELBE-MINDED GIRL TESTIFIES.**

**HER STATEMENT ADMISSIBLE, SO JUDGE RULES.**  
Court Administrators Severe Blow to the Defense in Case of Man Charged with Statutory Assault on Young Woman—Injured Eshom Valley Pioneer Remains Unconscious.

**Special Correspondence of The Times.**  
VISALIA, Nov. 29.—Judge Wallace administered a severe blow to the defense in the case of the State against Ed Harrison in the Superior Court yesterday afternoon, when he ruled that the testimony of the girl, Ruth Sturtevant, is fully competent to testify against the accused, although it was shown by witnesses called for the defense that the girl is feeble minded. Harrison is on trial for the second time, the jury in the first instance having disagreed. He is charged with a statutory assault upon the person of the Sturtevant girl, who is 18 years of age and who is not of sound mind. The judge overruled the objections which were interposed by Attorney Scott, Miller and Dorey for the defense, who contended that by reason of her mental condition the girl could not be considered a competent witness. The court ruling was that the testimony should be admitted and that its weight would be left to the jury to decide, taking into consideration the undisputed fact that she is not of entirely sound mind.

With constant objections by the attorneys for Harrison the girl this afternoon, in halting phrases, with often a long search for a suitable word, told in detail the story of being wronged by Harrison and pointed him out in the courtroom as her seducer. By reason of the extremely malicious nature of the testimony there was no spectators allowed in the courtroom. Mr. and Mrs. Sturtevant, parents of the girl, sat beside her as she told her story and Mrs. Sturtevant wept silently throughout the recital.

After the completion of the girl's testimony, Dr. Ross, who has been the Sturtevant family physician for years, testified as to her physical condition, with which the prosecution rested its case. It is the general opinion that the prosecution has made much stronger showing than in the previous trial and it is probable that the case will be given to the jury within the next three days.

**PIONEER STILL UNCONSCIOUS.**  
T. B. East, the Eshom Valley pioneer, who was injured while driving from Porterville to Visalia this city three days ago, is still lying at the Visalia hospital in an unconscious condition and his physicians now hold out little hope for his recovery. It is possible that there has been an extensive contusion of the brain, with the probability of a large blood clot having formed over the cerebrum. It is possible that a rarely performed brain surgical operation will be attempted as a last hope of saving his life.

Everything is even now in readiness for the citrus fair, which is to be opened next Monday. Thousands of electric lights are being strung through the business district, and the electrical illumination both of this city and of the pavilions and the exhibits will for one of many brilliant features of the event.

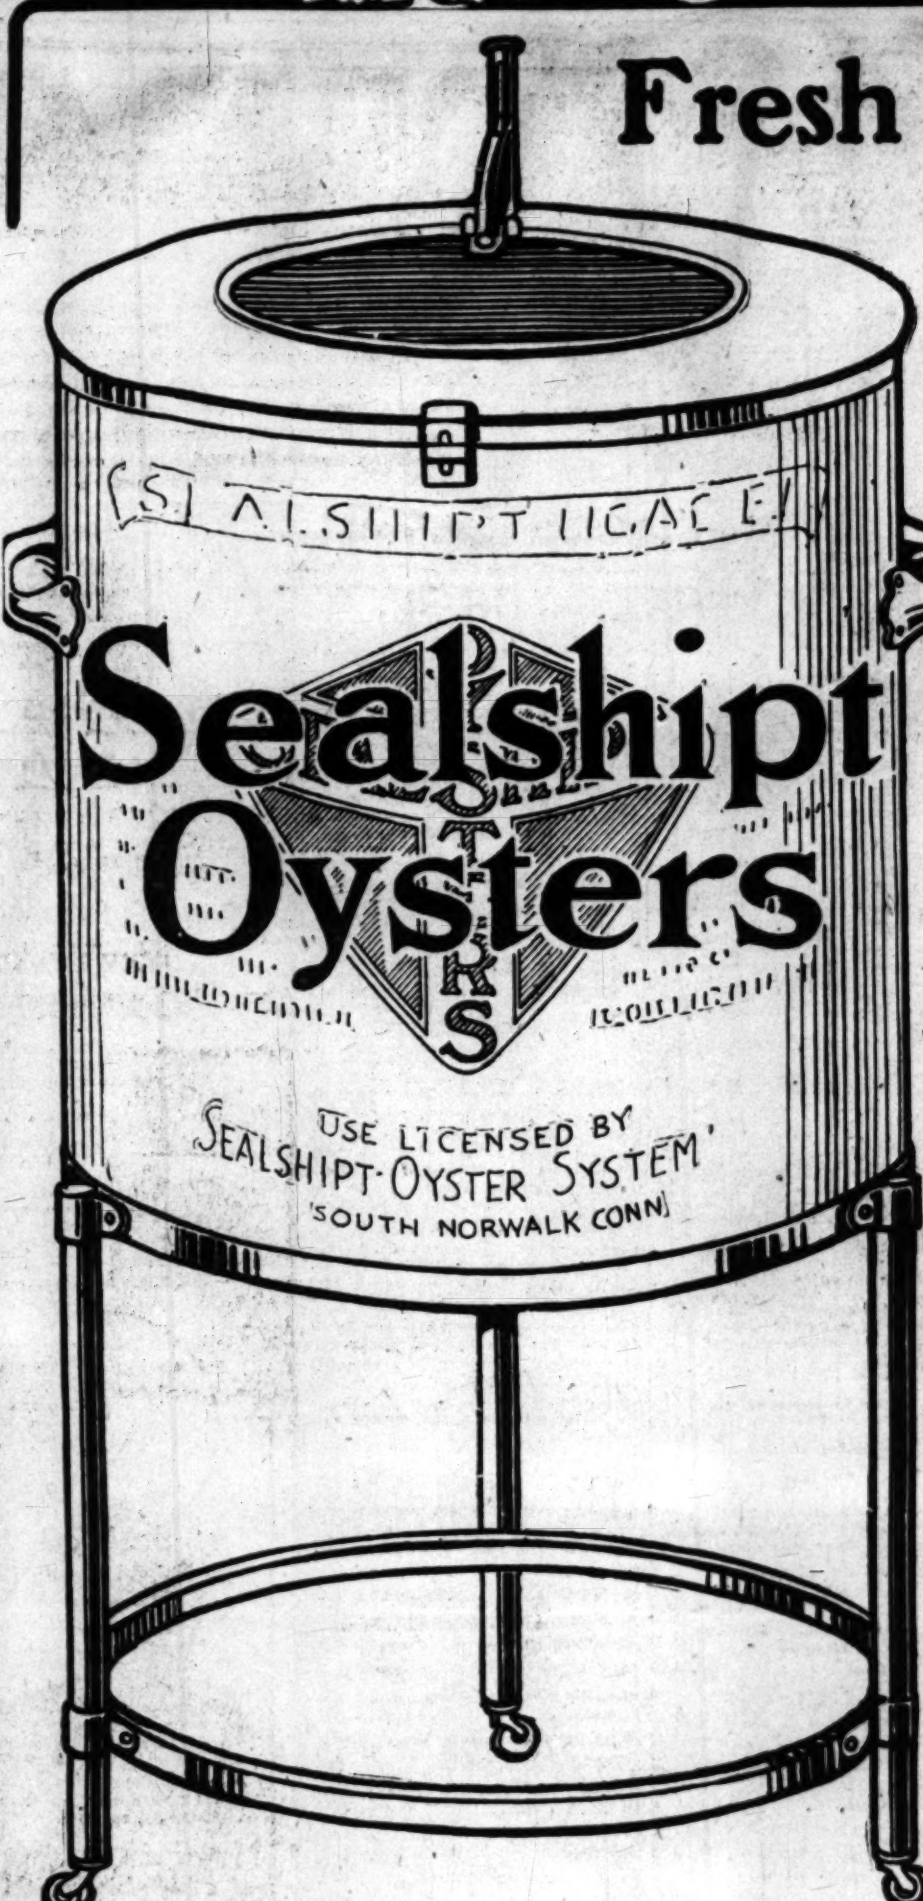

**SING LEE MOURNS.**  
Bakersfield Chinaman Robbed of Fortune While He Slept—Police Think Celestial Did It.  
(BY DIRECT WIRE TO THE TIMES.)  
BAKERSFIELD, Nov. 30.—Exclusive Dispatch.] While Sing Lee slept in the cellar of his laundry, a thief, supposed to be another Chinaman, climbed to the roof of the building, lowered a ladder through the skylight, descended barefooted through piles of laundered clothes and stole a box containing \$1200 from beneath Sing Lee's head.

Several other Chinamen besides Sing Lee were sleeping in the cellar, but no one heard the intruder, and not until the laundryman woke in the morning and felt for his treasure was the loss discovered. The thief left the building by the front door, not troubling to remove the ladder. The ladder and the prints of bare feet on the cellar floor were the only clues left and it is only through the footprints and the evident familiarity with the place that the theory of the thief's nationality is evolved.

**RAISIN PRICES UP.**  
Farmers' Pool of Sultana Was Purchased by Cannery's Union at Half-Cent Advance.  
OROEL, Dec. 1.—Quite a flurry was created in the raisin market today when the farmers' pool of Sultana raisins, amounting to a total of 150 tons, was purchased by the Cannery's Union on a three-cent basis, half a cent over the highest previous price of the present year. It is stated on the authority of the Farmers' Union that the California Union and the Dinuba branch now control all the raisins of the Sultana crop, which will probably amount to not more than 100 to 125 tons more.

This buying, which completes a total holding for the Cannery's Union of approximately 250 tons, will probably result in a price of 10 to 12 cents per ton.

**glad to see their prosperity and their enthusiasm and he thanked them for their early visit.**  
In less than five minutes he had come and gone. So quiet was his demeanor and dress that his countrymen scarcely had time to catch their breath. They were a little disappointed, according to one, that the admiral's uniform was so plain. And that seemed a keynote of all the higher officers. Only the midshipmen and the second lieutenants wore gold braid. The more exalted their position, the less their display.

**DECORATED BY EMPEROR.**  
One hurrying officer whose coat had the long skirts of a frock, who carried a pair of binoculars, was the only one decorated official on the vessels. He wore a number of medals, gold and silver, and to him every hand was raised in salute.

**And while the visitors gazed in wonder at the turrets and their guns, one of them discovered, pointed on the fore turret, way down at the bottom of the starboard side, a little banner surmounting a heavy identification of the armor plate. One after another they gathered round and reverentially tipped their hats after a second glance.**

**The inscription read: "Japanese-Russian War, Battle of Shushima Strait." Just opposite the ventilator tube contained the same inscription deep on the inside. A dozen riveted patches in the shell showed where the splinters of the shell had penetrated. The cruise Asama was one of the most active in Admiral Togo's fleet when he captured the Russian fleet of Admiral Rodostevsky in the Shushima Straits and many of the Japanese visitors of yesterday gathered about these places and read and read the inscriptions, returning several times to make certain that there was no hallucination in their perception.**

**After an extended stay aboard the Asama, the committee proceeded to the Kasagi. This vessel is one of only 16,000 tons displacement aside of a displacement of 1900 tons of the Asama. On the smaller ship the visitors were given a greater freedom on the deck. They were allowed to inspect the guns, the kitchen, turrets and all places of interest, where on the Asama they were kept on the forward part of the vessel.**

While this was going on, Capt. Yamaji in his staid black uniform, with only a short dagger sword as insignia of his rank in addition to his straps, made his appearance and after the fashion of the admiral, spoke to his countrymen.

**TO FURTHER show his appreciation of the situation, he ordered out the battle-flags which the Kasagi carried through the Russian war. Tattered edges and rips were pointed out, but none save the special guard of the flag was allowed to touch it.**

**The captain also ordered the crack team into its boat and ordered a number of maneuvers around the vessel, which were carried out with the alacrity and precision that have brought the crew several championships in racing.**

**The sailors showed little or no interest in the entire affair. They were all lined up on the sides of the ship when they came to anchor, and after that followed their routine without the slightest apparent care for the passing visitors.**

**Squatted low on the deck in their blue or white uniforms, they took their chief pleasure in smoking. An ash pan, having an iron band, in which a burning piece of hemp is stuck, forms the center-piece for every one of these gatherings. Cigarettes and the tiny brags-bowled pipes, carrying their slight puff of smoke, are the methods of tobacco consumption. None of their games were displayed for the benefit of the visitors, but even a wrestling match, for which they are famous.**

**With the odor of cooking soup, rice and onions floating over the Kasagi, the visitors came to a realization of the noon hour, and after many delays, got away from the ship about 2 o'clock. In their excitement, there was considerable mismanagement of affairs as programmed. The committee left and forgot all about the Chamber of Commerce Committee, which failed completely to materialize at the appointed time.**

**For today the local Japanese have prepared an elaborate programme of events at Asot Park. Admiral Yashiro is expected to be present and address the Los Angeles delegation. American and Japanese geisha girls are to afford the early morning amusement. After luncheon there will be motorcycle races, a performance of horsemanship by the Outwest Riding Club and an aeroplane flight by the Santa Ana aviator, Smith.**

**The programme will be repeated on the following day for the benefit of the half of the sailors who cannot obtain shore-leave today. There are 228 men aboard the two training ships. The fleet will remain until December 7 and will then leave for Magdalena Bay. From there they will return to Yokohama, the Japanese naval base near Yokohama, from which the two ships sailed October 14.**

# WHITE FEATHER LEADERS SHOW

Picketing Cases Worry Bitter Laborites.

Rowdy Tactics Deserve Stern Measures.

City Prosecutor Says He Will Enforce Law.

Admitting by their action that they realize disorderly tactics do not pay and showing a real or professed desire to make peace with the authorities, several laborite houses are trying to have the picketing cases now pending in the Police Court, dismissed.

The unionites declare if Assistant City Prosecutor Reeve grants their request, that they will order all the strikers to refrain from lawless methods in practice during the past eight months.

It is possible that the cases will be held in abeyance in order to ascertain if the houses are sincere in their professions. While the pickets will doubtless continue their rowdy ways as long as the present industrial disturbance continues, their leaders are trying to make it appear it is against their orders.

Assistant Prosecutor Reeve is waiting to have the laborites show good faith in the matter, and is not disposed to play into the hands of the strike leaders. "The unionites have been shown that their disregard of law has reached a limit," said he yesterday. "I do not want to be hard upon the wives and children of the strikers, and am willing to show justice tempered with mercy, provided independent workmen can show the same consideration by them."

"But it must be clearly understood that these men will be punished if they continue their rowdy tactics. The law must be obeyed."

Why some of the pickets should suddenly cease their former tactics yesterday was not clearly understood until a card printed and issued by the local unions fell into the hands of the police.

It is about the size of a large business card and in small letters at the top it printed a simple statement that the following rules are to be rigidly observed by all union men in the city of Los Angeles:

In brief the rules are as follows: "No union man shall speak harshly, or in any manner threaten, or intimidate, or recruit to union ranks must be made simply through argument; union men must not act in any crowd in the vicinity of any place where non-union men are employed but must approach the non-union men to talk to them in some other place; no more than two union men shall approach a non-union man at one time and not in any manner threaten, or intimidate, or recruit to union ranks; no union man shall stop a non-union man on the street; in case the non-union man refuses to stop of his own accord, to talk to union men, the latter may use a restraining hand upon the person of a non-union man in an effort to engage him in conversation; in all respects union men must act in an orderly manner and afford the police no opportunity to place a union man under arrest."

This move on the part of the unionites is not credited to local bosses but according to the police, is made on the direct instruction of eastern union officials who have criticized the local unionites for their disunity.

Most of the cases the Prosecuting Attorney will refuse to consider for dismissal as the violation of the ordinance have been so flagrant that in justice to the police who endangered life and limb in arresting the men, the cases must go to trial.

The "uprising" of the messenger boys ended several days ago when three of the boys were arrested on charges of petty larceny. The other boys after visiting their comrades in the City Jail returned to their work which pays from \$2 to \$4 per day. The police never forced trouble with the messenger boys because, they declared, as soon as the boys missed a warm lunch and saw the boys "no work" they took their jobs ordering "tenderloins with mushrooms" unionism would be hurriedly abandoned as being too cumbersome.

The tactics of the messenger boys varied somewhat. In place of threatening lousy boys, the messengers resorted to tricks such as stealing keys, and on this charge are now awaiting trial. The favorite system of messengers was to telephone a call to the top floor of one of the big buildings downtown. The hard-working messenger boy would lose no time in hastening to the call and about the time the elevator got to the top a unionistic messenger would steal the other boy's bicycle.

In speaking of a conference which may be held with the unionites, Assistant City Prosecutor Reeve said yesterday: "I am willing to come to an agreement with the unions. The intent of this office is to make them stop violating the ordinance. At the present time the situation is improving."

The unionites are not working, but other men have taken their places and the shops are not losing by the strike. Little violence is being committed against the non-union men, but now and the city is in a state of unrest. The violence remedies who tried to make free workmen are in jail—one already sentenced to a long prison term and two others facing the probability that they will soon join their fellow behind the bars."

No Trouble to Get Rid of It by Communicating With Writer of These Letters.

Hundreds of letters which the postal authorities say are designed for the purpose of catching some person who is willing to risk his good money for a mythical fortune have been received in the last few days by persons of means in this city.

The letters were sent out from Madrid, and purport to have been written by a defuncting Russian banker who in jail on charges of murder and embezzlement. The body of the letter follows:

"Although I know you only from good references of your honesty, my sad situation compels me to reveal you an important affair in which you can procure a modest fortune, saving at the same time that of my loving daughter. "Before being imprisoned here I was established as a banker in Russia, and you will see by the enclosed article about me of many English newspapers which have published my arrest in London. "I have got to help me to obtain a sum of \$100,000 I have in America and to come here to raise the balance of my baggage by paying to the Registrar of the Court the expenses of my trial and recover my fortunes consisting a secret pocket where I have

hidden the document indispensable to recover the said sum. "As a reward I will give up to you the third part, viz: \$30,000. I cannot receive your answer in the prison, but you must send a cablegram to a person of my confidence who will deliver it to me. Awaiting your cable to instruct you in all my secrets, I am, sir, Dear Sir, "At the bottom is a lengthy address to which the recipient of the letter is advised to cable. The printed paper enclosed in the letter tells a story of the flight of a prominent banker from St. Petersburg, his killing another Russian in Spain and his capture in London. The postal authorities say that the clipping is a "fake" gotten up for the purpose of the swindle. Postmaster Harrison has issued a general warning to the persons getting the letters to not part with any money on account of them. The exact details of the ruse are not known, but it is supposed that the person who became interested enough to cable are immediately picked out as victims from whom to separate some money for the alleged purpose of fitting out an expedition to recover the hidden gold.

**EXEMPLIFY CIVIC PRIDE.**  
Santa Barbara Citizens Will Spend Many Thousands of Dollars Beautifying Ocean Front.

SANTA BARBARA, Dec. 1.—O concerted move has been made by prominent and wealthy Santa Barbara citizens to further beautify the water front by eliminating the lumber yards owned by the Santa Barbara Lumber Company. The property consists of thirteen acres having a frontage of 1200 feet and the owner has offered it to the city for park purposes, the price being fixed at \$25,000, which was originally paid for it.

Citizens with civic pride are in favor of having the entire waterfront freed from obstructions of any sort. They have already spent thousands of dollars to keep that portion running from the commercial pier to the bath house in presentable shape and to carry out the original scheme are willing to pay the price fixed by the lumber company. It has been decided to raise the money by popular subscription, the matter to come up before the Chamber of Commerce tomorrow night.

Mayor Clio L. Lloyd is the father of the scheme and he believes it will mature. He says the lumber company could sell the property for less than the neighborhood of \$25,000, but would not part with it under any condition were it not for the civic pride of the owners. It is planned to turn the tract which consists of thirteen acres into a playground.

**PLANT PINES.**  
The Government Forestry Department has sent 300 pounds of yellow pine tree seed to Santa Barbara to be planted in the Santa Barbara Forest Reserve. The seeds come from the Black Hills and it is believed they will grow rapidly in this climate. The seeds will be first set in a nursery and transplanted at a later date.

Two hundred men and fifteen teams are rushing the work on the Arlington Hotel, being built at a cost of more than \$200,000. It is planned to have the hostelry completed by January 15, and Contractor Richards and Neustadt of Los Angeles are certain they will not disappoint the owners. The traffic ordinance becomes effective on next Saturday and the police department has issued a warning that it will arrest every offender. All have had an opportunity to read the ordinance and it will be enforced to the letter. It is planned after the one in operation in Los Angeles, but is a little more severe.

**DROGGED IN RUNAWAY.**  
Escondido Farmer May Have to Suffer Amputation of a Leg as Result of Injuries Sustained.

ESCONDIDO, Nov. 1.—Michael Hovory, a rancher, may be obliged to undergo an operation for the removal of his right leg as the result of an accident Friday in which he was thrown from the seat of his farm wagon, and with his leg caught in the spokes of one of the wheels, was dragged a long distance through a vineyard. Besides a compound fracture of the leg, Hovory was seriously cut and bruised all over his body.

Two shipments of oranges will be made from the citrus fruit orchards of the valley for the Christmas market, one of the Escondido Fruit Growers' Association and the other by the Escondido Citrus Union. The first carload of lemons has been sent out by the latter organization, recently organized.

**NOVEMBER.**  
The Escondido Development Company, which was recently organized with Dr. E. E. Buell as president, and H. N. Carpenter, secretary, will improve a tract of land in the southwestern part of the city, consisting of 174 lots. Electric lights and gas conveyors will be supplied; also street grading and sidewalk will be done. James Carroll, secretary of the San Diego County Fair Association, whose grounds are in Escondido, will leave on Monday to attend the conference in Stockton of officers of county and district fair associations to plan for securing State aid.

**SOUTH PASADENA.**  
SOUTH PASADENA, Dec. 1.—The South Pasadena Women's Improvement Association will open a bazaar at No. 1016 Mission street, Friday and Saturday of this week, in the vacant store-rooms next to the Model Grocery store, for the benefit of the clubhouse fund. The ladies have been working for this event all summer, meeting once a week at the members' homes, and sewing on articles which will be for sale. Mrs. Leo Longley has the affair in charge. Mrs. Estelle Johnson will have charge of the fancy work booth. Mrs. George Bush of the arts and crafts, Mrs. Norman Marsh of the candy, Mrs. Clara Rathbun of the aprons, and there will also be a miscellaneous booth. Mrs. Frank Carter will have charge of the fun and frolic entertainment which will be given Friday and Saturday evening, and Mrs. Charles Manwaring will have charge of the cafeteria, department, luncheon and dinner being served both days.

Superintendent of Schools, George C. Bush will address the regular meeting of the Science of Mathematics Association of Southern California, which meets this evening at Throop College in Pasadena. Prof. Bush is also secretary-treasurer of this association. After purchasing the handsome property at No. 180 Electric avenue, and going back to his home in Rutland, Vt., to settle up his affairs, preparatory to making this city his home, N. S. Walker, father of Mrs. G. F. Track, passed away last Saturday morning, and the funeral was held Tuesday in Rutland.

The Lincoln Park Study Circle met with Mrs. Anna Herron yesterday afternoon, No. 612 El Centro street. Mrs. D. Z. Gardner led current events and a discussion of the subject of the bull-bait. There are being laid a little below the old level and a little later will be covered with asphalt, thus making

**REDONDO BEACH.**  
REDONDO BEACH, Dec. 1.—The long-promised improvement of the Los Angeles and Redondo Railway Company's wharf, No. 1, is in sight. Yesterday a force of workmen began replacing the old flooring with new timbers. There are being laid a little below the old level and a little later will be covered with asphalt, thus making

**DISCOUNT RATE CUT.**  
**BANK OF ENGLAND ACTS.**  
[ASSOCIATED PRESS NIGHT REPORT.]  
LONDON, Dec. 1.—The rate of discount of the Bank of England was reduced today from 5 to 4 1/2 per cent. The lower rate, which the market had expected, was only decided upon after a prolonged discussion by the directors. The fortnightly meeting of the bank, which was marked by the monetary situation and a steady rise in the price of gold, drew attention to London and drew it, from which the danger of gold withdrawal was mostly threatened, in new discussions favoring the London position.
